

Privacy Notice for Children

The business keeps records of your name, address, date of birth, and any health problems that your referring dentist has informed us of when completing the referral. We will also have a name and contact of your parent or guardian. We keep this information to provide you with the best care and your personal information is kept confidential and secure.

We only pass your personal information to another dentist, doctor, or hospital if you have a problem that requires their special skills and need to see them. We will not give your information to anyone else unless the law allows us to, or we need to provide it for legal reasons.

Once we have completed your image, we will stop using your information, but will keep it confidential and secure until you are 25 years old (or 26 years old if you were 17 when your last treatment ended), or for 11 years after the completion of treatment, whichever is longer.

We will then review if and when we can delete it. You can always ask for a copy of the information we hold for you; we can transfer it to another dentist at your request, and you can ask us to stop using your personal information to send letters or contact you in other ways if you are no longer a patient at the business.

When you reach 18, the Privacy Notice about how we process your personal information will change to the adult version. This can be found on our website.

If you would like a copy of the information we hold about you, or if you have any other enquiries, such as correcting an error in your information or providing a copy of your information to somebody else, please contact:
